WEB DEVELOPER

MURSAL NASAJ

I am a qualified and professional web developer and website designer with four years of experience in creating and designing user-friendly websites. I have strong creative and problem-solving skills, with a keen eye for detail.

EXPERIENCE

FREELANCE FRONT-END WEB DEVELOPER

Self-employed | Fiverr, Upwork, and local agency work | 2021 – Present

Worked as a front-end web developer for the past 4 years, delivering high-quality websites for clients worldwide.

Completed a wide range of projects on freelance platforms like Fiverr and Upwork, focusing on responsive design, clean UI/UX, and performance optimization.

Founded and operate my own agency NasajCreatives to serve local businesses with web design and development services.

Experienced in HTML, CSS, JavaScript, Bootstrap, WordPress, Shopify, and GoHighLevel. Successfully built landing pages, business websites, and eCommerce stores tailored to client needs.
